

# Litter Quality Propane

Providing Comfort & Reliability since 1932

## 12th Annual Customer Appreciation Day

May 23, 2009  
9:00am-1:00pm  
524 Eastern Avenue  
Chillicothe, Ohio

### New Programs

Introducing our new "Vapor Management Program" or "VMP". In the past, the standard in the propane industry was to fill the propane tank and bill the customer for the delivery. We are now offering a little twist to that theme. Litter Quality Propane now has a program whereby a customer can have a vapor meter hooked up to their propane supply line and only pay for what they've used instead of paying for the gas that is delivered to the propane tank. The intent of using a vapor meter is to align the customer's billing to match their consumption. With the VMP program, every time a propane delivery is made you don't have to break the piggy bank.

### Notes from the office:

**Discounts:** LQP is proud to announce the addition of the Veterans discount to our growing list of customer cost savings. We also offer discounts for Autofill, Budget & Cash In Advance customers, Senior Citizens, and Corporate Discounts for employees of Masco (formerly Mills Pride), Glatfelter, Adena Health Systems, DuPont, Kenworth & FPE.

**Rewards:** Be sure to check April's statement for loyalty and high volume credits on your account for this past heating season!
